

3D Designer - Job Description

Highway 85 Creative is a nationally-recognized custom design-and-build company specializing in trade show exhibits, business interiors, and large-scale graphics. Our team is dedicated to helping our clients enhance their end-user experience by focusing on development of the branded physical space. Our diverse client list spans the gamut from familiar household names to start-ups.

Our Core Values

- We believe in a thankful approach – we give more than we take
- We take extreme ownership of our craft
- We foster a collaborative & energetic work environment
- We go pro – we do it the right way
- We value teammates' individual strengths & input

Join us and we will create cool sh!t ... **together!**

We are seeking a talented and creative **3D Designer** to join our dynamic team at Highway 85 Creative.

As a 3D Designer, you will play a crucial role in bringing our clients' visions to life through innovative and visually captivating 3D designs. The day-to-day of the 3D Designer is to work with our design and sales teams to gather a client's vision, develop a strategy that will meet their needs while exceeding their expectations, and create an attractive and compelling visualization. This candidate will be able to demonstrate facility with the industry-standard computer-based design workflow: sketching, modeling, texturing, lighting, rendering, and assembling a final presentation.

If you are passionate about design, have a proven track record of success, and thrive in a fast-paced environment, we would love to hear from you.

Results you own

- Professional-level ability to work with an industry standard 3D modeling package such as Rhino 3D or 3DS Max - we use Rhino 3D, but will consider candidates with experience using other software such as Blender, et al if they are willing and able to learn Rhino quickly
- Significant experience creating and manipulating graphics in Adobe Illustrator and Photoshop
- Ability to work well within a team and also to manage time and complete tasks independently. Manage multiple design projects concurrently, ensuring deadlines are met while maintaining design excellence.

- Must be comfortable receiving constructive feedback and making revisions, able to pivot quickly from one project to the next, manage multiple projects concurrently, and to meet deadlines
- Must possess excellent verbal and written communication skills, be able to articulate design ideas, possess active listening and note taking skills, understand client objectives
- A innate aesthetic sense that is both individual to you and also compatible with the Highway 85 Creative team
- An ability to be inspired, a desire to do great work, and willingness to hold yourself to your highest standard
- Always foster a collaborative and energetic interactions with your peers.

Required Skills/Abilities

- Stellar work ethic, initiative, and follow-through.
- Excellent communication and presentation skills to effectively convey design ideas to clients and internal teams.
- A recognizable personal style or flair
- A diverse skill set outside of the above requirements that enhances your candidacy
- Professional experience within the live-event industry
- Bachelor's degree in 3D design, industrial design, architecture, or a related field.
- A strong portfolio of relevant professional work experience
- Construction/Fabrication background
- Ability to learn and adapt to team dynamics.
- Familiarity with Google suite/Microsoft Suite products

Education and Experience

Previous 3D design experience - 3-5 years or related industry experience.

Bachelor's degree in 3D design, industrial design, architecture, or a related field.
